

Let's make our community a more child-friendly place to walk
Join us in October
It's International Walk to School Month!

Dear Community Leader:

We are pleased to announce that our school is participating in International Walk to School Month activities this October. The goal is simple: we would like students, parents, community leaders and school staff to walk or bike to school throughout October.

Our planning team could use help in the following ways:

- Walk to school with us in October .
-
-

This is an event held around the world each year to raise awareness about the importance of regular physical activity and safe pedestrian behaviors.

Walk to School Events can

- Reinforce children's good traffic safety skills.
- Remind adults to drive safely in school zones.
- Raise awareness that children need safe places to walk within their neighborhood, especially on trips to and from school.
- Raise awareness that children need regular physical activity to stay strong and healthy.
- Remind families that walking is a simple and fun way to spend time together.

We hope you will join us to make our community a more child-friendly place to walk. If you can volunteer to help, please contact me.

Sincerely,
